

Working Together

**PARAFIELD
GARDENS R-7**

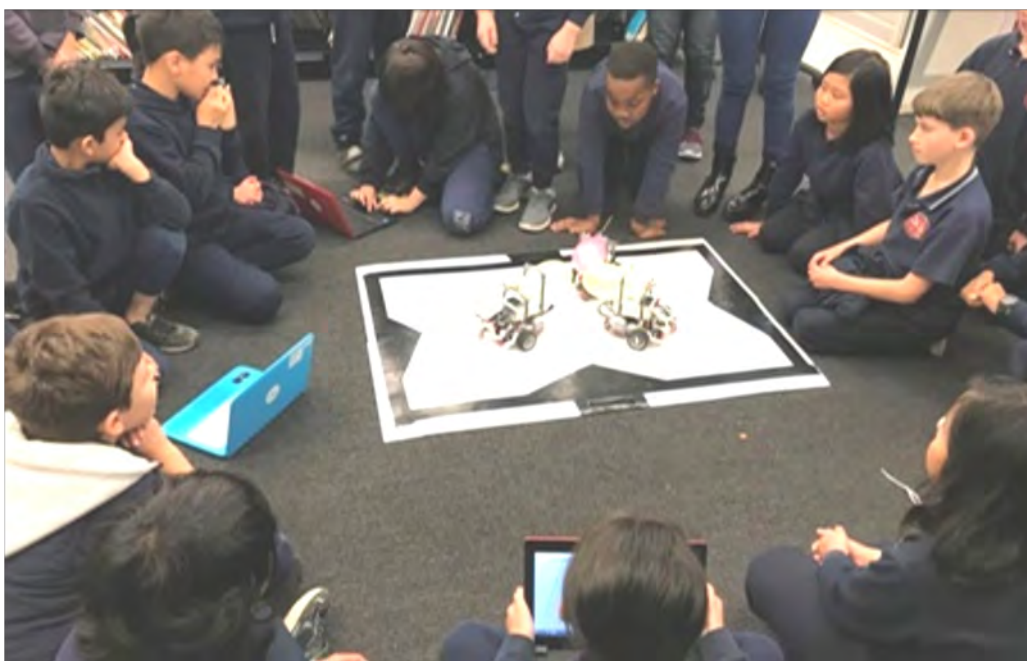

This week fifty lucky students participated in two Robogal Workshops that taught them how to program LEGO Mindstorm robots. Students used critical-thinking, problem-solving, collaboration and block coding to direct their robots and finally participate in a Robo Battle. Eighteen of the students who participated applied for the opportunity to attend this training and become LEGO Mindstorm Leaders and coaches across Parafield Gardens R-7. I look forward to working with these highly motivated student in the future.

August 2019

**LEGO Mindstorm
Year 5 Student
Leaders:**

- Marzia
- Kaiden
- Roger
- Josh
- Rufaeel
- Connor
- Emily
- Axel
- Chanelle
- James
- Romeo
- Levi
- Angela
- Tamika
- Stephen
- Shakid
- Abbigail
- Betty
